PRODUCTION MONITORING SYSTEM

HELLENIC
INSTRUMENTS

PACKAGES & BUILDING MATERIALS INDUSTRIES
FOOD, BEVERAGE, BREWING INDUSTRIES
AUTOMOTIVE & AVIATION INDUSTRIES
PHARMACEUTICS INDUSTRIES

HELLENIC INSTRUMENTS offers a powerful solution for industrial digitalization, allowing automated monitoring and control of production lines. Using wireless data collection stations, the system can monitor performance statistics of the produced batches, including production times, breakdowns, downtimes, losses and operational activity. The system can be integrated on running productions with minimal integration overhead.

- TRACK STAGES OF PRODUCTION IN REAL TIME
- AUTOMATIC REPORTING OF EVENTS
- REAL TIME LOCATION MAPPING OF PRODUCTION BATCHES
- ALERTS AND 24/7 LOGGING FOR REDUCED HUMAN ERROR
- INCREASE PRODUCTION EFFICIENCY
- STATISTICAL ANALYSIS OF COLLECTED DATA

Quality and Security
Reduce Cost
Digital Logging
Increase Effectiveness
Configurable to your needs
